

Instructions for Volunteers Cleared by Other Archdiocesan Entities

If you have been issued a STAND compliance card through another Archdiocese of Baltimore location the following instructions apply before you may volunteer at St. Mary's High School.

A Policy Compliance Verification card does not replace the use of an Application for Volunteer Service and reference checks for those who intend to volunteer at St. Mary's High School. All volunteers should fill out an Application for Volunteer Service at each Covered Entity and each Covered Entity should check references. **Please note: One of these references must be completed by the covered entity that issued your verification card.** Our Screening Coordinator will call the site that issued your card to confirm its validity and obtain a copy of the signed Policy Compliance Verification form.
